**Nationwide Controlled
Parking Systems' (NCPS)**
management team has
considerable experience in
the planning, implementation
and management of multi
storey car parks.

It is our high standards and
professional separation of duties
at all levels that has resulted
in NCPS providing continued
confidence in their management
abilities to private clients, such
as Cerberus, Arrow Asset
Management, and Deloitte.

The Objective

Our objective is to, at all times, provide our clients with a professional, performance led service without compromising on customer satisfaction. In doing so we balance resources to achieve the key management objectives of providing secure and safe parking areas, whilst maximising usage.

Revenue protection for our clients is of major importance to us. We maintain high standards, excellent separation of duties at every level, so the accountability and auditing of revenue are flawless.

Thomas Harrington | *Commercial Director, NCPS*

The Appointment of NCPS

The appointment of NCPS to manage multi storey car parks comes through a combination of:

Experienced skilled management

Excellent training in all areas of staffing

Tight audit control practices

Clear communication channels and KPIs

Structured planning and strategy

Market awareness and strategy

Maximising operational efficiencies

Quality assurance

NCPS provides a high quality solution and can demonstrate substantial experience in providing the management controls, procedures, operational expertise and added value in terms of technology and innovation, in all areas of car parking management.

It is this experience which gives NCPS comprehensive knowledge of traffic management, operational methods, revenue control and enhancement. Our management teams experience and integrity has been gained in the parking business over 30 years in the UK, Germany, Poland, Spain, Italy and Ireland.

We take pride in the depth of our pro-active management, which enables us to adapt to varying daily demands and provide the highest level of service for both the customer and client at all times.

Ann Byrne | *Sales & Operations Director, NCPS*
